## KEYNOTE SPEAKER

**Dr. William Proffit**

William R. Proffit, formerly Kenan Distinguished Professor of Orthodontics at UNC and now an emeritus professor, was the department chairman from 1975 to 2001. He is the principal author of *Contemporary Orthodontics*, which now has been translated into 11 other languages besides English, with a new 6th edition set for publication in mid-2018; two other books on surgical treatment; and over 200 papers in peer-reviewed journals. His honors include the Norton Ross Award of the ADA for excellence in clinical research, the Ketcham Award from the ABO for contributions to the profession, and the first Lifetime Research Achievement Award of the AAO.

### Orthodontics 2017: An Update from UNC

**This program has three objectives:**

- 1) to give you an overview of the broad range of activity of the current UNC faculty in the form of presentations by each of them
- 2) to offer Dr. Proffit a last chance to offer his perspective on both the topics presented by the faculty and selected topics that he thinks need clarification. Those topics are how you can learn best from your own experience and that of others, the extent to which orthodontic biology can be manipulated and the dangers of misguided overtreatment, and the role of TAD-supported orthodontic mechanics in the treatment of skeletal problems.
- 3) to bring you up to date on both the recent accreditation of the department and the leadership change
